SUBJECT: Repairs and Rehab of Pickwick Auxiliary Lock Mile 206.7, Tennessee River

This office has been advised that a Tennessee Valley Authority contractor will be mobilizing to the subject location on Monday March 23, 2009 to begin rehab on the auxiliary lock building. During this work the subject lock will experience intermittent closures of which we are not certain of at this time. This work will affect fast-doubles. Until further notice, navigation interests with double lockages will have to contact the lockmaster for locking instructions. The 1000'x110' main chamber will remain available. Scheduled completion of this work is incomplete at this time.

FOR THE DISTRICT ENGINEER:

for Barton W. Dixon
JEFFREY D. ROSS
Chief, Navigation Branch
Operations Division
