

Local youth participate in Great American Cleanup

CELINA- Youth volunteers led by Laura Marzhl, coordinator for 'Keep Tennessee Beautiful,' recently worked to clean up the shoreline around Pleasant Grove Park here on Dale Hollow Lake as a part

of the 'Great American Clean-up' effort. Approximately 15 young people from Clay County and the surrounding area worked on this project. Participants were treated to lunch by Marzhl and the U.S. Army Corps of Engineers.

Corps rangers assisting in the work were Bobby Bartlett and Phillip Earhart. With their help, the day was a successful part of the ongoing campaign of 'Keep America Beautiful.'

The cooperative effort led to the collection of several large bags of litter and trash. Officials said that there was several hundred pounds of trash bagged and removed from the area during the day.

Editor's Note: Special thanks goes to Pleasant Grove Volunteer Host Don McCartney for providing the information and pictures in recognition of this effort.

Youngsters volunteered their time for a good cause recently for a day of cleaning up recently at Pleasant Grove Park.

Part of the results of the Great American Cleanup.
