SUBJECT: Scheduled Lock Outages in the Nashville District for Calendar Years 2006 and 2007

Calendar Year 2006:

Wilson Main Lock at Tennessee River Mile 259.4

The lock is scheduled for closure to navigation traffic from 6:00 a.m. on 20 March 2006, through 6:00 p.m. on 25 March 2006 to repair the approach wall recess for the maintenance closure bulkhead. These repairs must be made prior to the scheduled maintenance closure. The auxiliary lock will be available to pass traffic during this closure.

Wilson Main Lock at Tennessee River Mile 259.4

The lock is scheduled for closure to navigation traffic from 6:00 a.m. on 2 May 2006, through 6:00 p.m. on 25 May 2006 to allow repairs to be made to the lower lock gates and lock walls. The auxiliary lock will be available to pass traffic during this closure.

Barkley Lock at Cumberland River Mile 30.6

The lock is scheduled for closure to navigation traffic from 6:00 a.m. on 11 July 2006 through 6:00 p.m. on 27 July 2006 to inspect and repair the underwater components of the lock. No auxiliary lock is available to pass traffic at this project. However, traffic is encouraged to utilize the alternate route via the lower Tennessee River, through Kentucky Lock and Barkley Canal during this period.

Kentucky Lock at Tennessee River Mile 22.4

The lock is scheduled for closure to navigation traffic from 6:00 a.m. on 15 August 2006 through 6:00 p.m. on 7 September 2006 to inspect and repair the underwater components of the lock. No auxiliary lock is available to pass traffic at this project. However, traffic is encouraged to utilize the alternate route via the lower Cumberland River, through Barkley Lock and Barkley Canal during this period.

(continued)

CELRN-OP-N 06-03, SUBJECT: Scheduled Lock Outages in the Nashville District for Calendar Years 2006 and 2007 (continued)

Wilson Main Lock at Tennessee River Mile 259.4

The lock is scheduled for closure to navigation traffic from 6:00 a.m. on 11 October 2006, through 6:00 p.m. on 2 November 2006 to allow repairs to be made to the underwater components of the lock and lock walls. The auxiliary lock will be available to pass traffic during this closure.

Calendar Year 2007:

Wheeler Main Lock at Tennessee River Mile 274.9.

Pickwick Main Lock at Tennessee River Mile 206.7.

Pickwick Auxiliary Lock at Tennessee River Mile 206.7.

Chickamauga Lock at Tennessee River Mile 471.0

Dates for these closures have not been established yet. Comments regarding Calendar Year 2007 closures can be addressed to Jeff Ross, Chief of the Navigation Branch, at the address and telephone number listed in the header of this notice. Comments will also be accepted at the March and November Joint Navigation Meetings.
