SUBJECT: Bank Stabilization in vicinity of Tennessee River Mile 456

Choctaw Transportation Inc will be placing rip-rap along the Right Bank outside the main navigation channel located in the Mid-South Terminal Industrial Park, adjacent to the Tennessee River, River Mile 456. The work is to begin on March 13, 2006 and to take approximately 30 days for completion.

The work will be performed between the hours of 0600 to 1900, Monday through Sunday. The equipment will consist of several barges containing quarry run stone, a barge with a crane and bucket loader, tow Boat and several small boats.

Operators on all vessels should exercise caution and proceed at safe speed when passing this reach of the waterway. Marine radio channel 16 will be monitored for contact by vessels for information.

FOR THE DISTRICT ENGINEER:
