SUBJECT: Sediment Sampling Activities, Tennessee River Mile 647.2, Left Bank

Terracon Consultants will be collecting sediment samples at the subject location beginning on 25 September 2006. Equipment on site will consist of a small deck barge and tender. Work will be performed during daylight hours, Monday through Friday. During non-working hours the floating plant will be moored along the left bank. Work is expected to be completed by 30 September 2006.
