**SUBJECT: Temporary Closures of Watts Bar Lock, Tennessee River Mile 529.9**

Reference: Notice to Navigation Interests OP-N 08-17, dated May 19, 2008, subject as above.

The Corps of Engineers has requested additional temporary closures at the subject lock for diving operations during the dates of June 23 through 27, 2008. The closures will take place during daylight hours and should not exceed 10 hours each. The lock will resume normal operations each evening and continue locking until the next morning's closure. Pilots on all vessels should contact the lock in advance of arrival for locking instructions.
