MEMORANDUM FOR All Nashville District Employees

SUBJECT: Safety and Health Policy

1. As your District Safety Officer, I am committed to maintaining the excellent safety culture that I observe in the Nashville District. This safety culture is essential to preserve our greatest resource-you.

2. The Nashville District was the first district to achieve the Division's "Five Star Recognition" because of your efforts in the LRD "Seven Castle Recognition Program". I believe this program continues to cultivate our safety culture towards a higher level. This year, we will begin the process of self-evaluation to achieve the Seven Castle Recognition again.

3. I know no one wants to have an accident; Accidents are preventable. By updating and using the Activity Hazard Analysis (AHA) and Risk Management processes, we can continue our safety culture philosophy everyday and increase our safety awareness.

4. I am available to attend your safety meetings to give you a chance to express your concerns and for me to become better informed. I hold my staff accountable for providing you the necessary resources and training. All employees and contractors must follow the proper procedures and use the proper equipment mentioned in the AHA.

5. Let me conclude by saying, **"Safety-It's a Team Effort!"**

/S/

BYRON G. JORNS
